

EBEBEK MAĞAZACILIK ANONİM ŞİRKETİ ENVIRONMENTAL POLICY

As EBEBEK Mağazacılık A.Ş., we operate as a leading company in our sector together with our barents, employees, suppliers, and partners, while adopting an environmentally responsible approach.

- Full compliance with laws and regulations regarding the prevention of negative environmental impacts has been adopted as a core principle, and necessary actions are taken accordingly.
- Measures are implemented to reduce the Company's carbon footprint.
- Precautions are taken against climate change. In this context, the use of environmentally friendly products is encouraged, aiming to reduce emission levels and minimize the carbon footprint.
- Efforts are made to minimize the use of water and natural resources, while prioritizing energy efficiency in the products utilized.
- Actions are carried out to minimize the amount of waste generated. In this regard, supporting steps are taken in the areas of circular economy and zero waste; furthermore, precautions are in place for the transportation, storage, and disposal of electronic waste in compliance with laws and regulations.
- All stakeholders are made aware of environmental and human health sensitivity. In this context, training sessions are organized and awareness activities are carried out when necessary.
- In line with the Environmental Policy, preventive measures are taken to avoid the use of harmful chemicals and to prevent the generation of mercury waste.
- The Policy is published and shared transparently with all stakeholders, and stakeholders are duly informed.

This Policy enters into force upon the approval of the Board of Directors.
